---

Please update your site information in CERCLIS by October 4, 2013. It is very important that all your site information is update and approved by me before October 15, 2013. We will not be able to add information in CERCLIS after October 15, 2013. We will only be able to read. So update the information on the attached and also plan out your site activities with funding through the end of FY2017. I know it is hard to make accurate estimates, but we need to plan out site activities. Make conservative estimates for your RI/FS, RODs, RD, RA, Deletions, SWRAU, etc. Make your that you plan funding for your sites. Again, these are only estimates, so make your best guess. Thanks CAS
